UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

Tier II Reporting; Upcoming Changes and Notice of Workshops-Delaware's EPCRA Reporting Program will be implementing a new version of their online reporting system, TIER II MANAGER™ in January 2014. While the system screens will have a new look and feel, the overall reporting process using the system will be similar to previous years. Step-by-step instructions for reporting within the system will be made available for downloading at (<http://www.dnrec.delaware.gov/SERC/Services/Pages/DownloadFormsorSoftware.aspx>) during the first week of January 2014. In addition, the U.S. Environmental Protection Agency (EPA) has made changes to the Tier II reporting requirements by adding several data elements and modifying several existing items. A fact sheet providing an overview of the EPA required changes is located at:

http://www2.epa.gov/sites/production/files/2013-08/documents/epcra_amendments_fact_sheet-2.pdf

These changes are effective in **January**, which will include the upcoming 2013 reports. The new version of Delaware's online TIER II MANAGER™ system mentioned above will incorporate the EPA modifications, and reports submitted on-line using the new system will comply with the EPA changes.

Training Workshops

A series of free workshops are scheduled to demonstrate the new TIER II MANAGER™ online reporting system, discuss the new data elements added by the U.S. EPA, and review the chemical inventory reporting requirements in general. The workshops will be half-day sessions (3 to 3½ hours), and registration is required. Morning sessions will begin at 9:00am, and afternoon sessions will begin at 1:00pm. Workshop dates/locations are as follows:

Jan 15 (Wednesday) – a.m. session, DNREC Lukens Drive, New Castle [Map&Driving Directions](#)

Jan 15 (Wednesday) – p.m. session, DNREC Lukens Drive, New Castle [Map&Driving Directions](#)

To register, e-mail Phyllis Fox at Phyllis.fox@state.de.us [\[or use the system email address mentioned in the notice\]](#) identifying the session you would like to attend (list the date, location, and a.m. or p.m. session, and include your phone number in case we have questions), or call (302)739-9405 and ask for Phyllis Fox or Kristoffer Gontkovsky.

RECYCLING PUBLIC ADVISORY COUNCIL- To discuss recycling issues for the State of Delaware. This discussion will be held on **January 14** from 1:30 to 3:30 at the Bear Library 101

PUBLIC HEARING ON REPEAL OF 7 DE ADMIN CODE 103 (Chronic Violator Regulation)

The Department of Natural Resources and Environmental Control (DNREC), Office of the Secretary, will conduct a public hearing on the repeal of 7 DE Admin Code 103, the Chronic Violator Regulation. The Chronic Violator Regulation has been rendered moot by the passage of legislation (Senate Bill 92) in 2012 that amended state law. This amendment eliminated DNREC's role as proposing and determining whether a party is a chronic violator. Under the amended law, DNREC proposes the designation of a Chronic Violator to the Environmental Appeals Board. The most recent changes in the law spell out the process and alleviate the need for the regulation. The public hearing on the repeal of the Chronic Violator Regulation will be held on **February 3** at 6:00 p.m. in the auditorium of the Richardson and Robbins Building located at 89 Kings Highway, Dover, Delaware 19901. For additional information or to schedule an appointment to inspect the Chronic Violator Regulation, please contact Jenny Bothell, DNREC-OTS-Office of Community Services, 89 Kings Highway, Dover, DE 19901, 302-739-9000, jennifer.bothell@state.de.us; or visit:

DOCUMENTS AVAILABLE FOR PUBLIC COMMENT OR APPEAL

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit, may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. All comments and public hearing requests should be mailed to the following address: DIVISION OF AIR QUALITY, 655 S. Bay Road, Suite 5 N, Dover, DE 19901. To submit comments, for additional information, or for an appointment to inspect the application, please contact Nicole Hill or Penny Gentry at (302) 739-9402.

Title V Modification Application- Notice is hereby given that NRG Energy Center Dover LLC (NRG) having a facility at 1280 W. North St., Dover, Delaware, has submitted a request for significant permit modification pursuant to 7 DE Admin. Code 1130, Section 7 (AQM-001/00127). To submit comments, for additional information or for an appointment to inspect the application, please contact Nicole Hill at the Dover Office at 739-9402. The “draft/proposed” significant permit modification is being submitted to EPA for concurrent processing. If there are no significant comments, the “draft/proposed” significant permit modification will be issued as a final permit after expiration of the EPA review period. A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing by **January 14**. A request for a hearing shall be in writing and mailed to: Division Of Air Quality Blue Hen Corporate Center 655 S. Bay Road, Suite 5 N Dover, De 19901 (302) 739-9402; or visit for additional information:

SITE INVESTIGATION AND RESTORATION SECTION – The Division's Site Investigation and Restoration Section (SIRS) is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The Section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a Brownfields Development Agreement (BDA) to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The Voluntary Cleanup Program (VCP) Agreement is available to site owners, who want to clean up their sites and are already liable as a potentially responsible party for the site. Proposed and final plans of remedial action are available online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at <http://www.nav.dnrec.delaware.gov/DEN3>

The Department of Natural Resources and Environmental Control has adopted a plan regarding the clean-up of 29984 Pinnacle Way Site located near Dagsboro. The selected remedy includes the development and implementation of a DNREC approved Long Term Monitoring (LTM) plan for groundwater and development of a DNREC approved Contaminated Materials Management Plan (CMMP). The Site is currently owned by Pinnacle Foods Group, LLC. DNREC issued public notice of the Proposed Plan for 29984 Pinnacle Way Site on November 27, 2013. A public hearing was held on December 17. The Secretary issued Secretary's Order No. 2013-WH-0061, requiring implementation of the Proposed Plan as the Final Plan, on December 24, 2013. The public may appeal this Final Plan by **January 17**. For additional information, please contact Morgan Price, Project Manager, Qazi Salahuddin, Program Manager, or Robert Newsome, Public Information Officer, at (302) 395-2600; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=2177&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE Davidson Lane Site, New Castle Delaware - The Department has adopted a Final Plan of Remedial Action regarding the disposition of the Davidson Lane Site (off Lambson Lane) in New Castle. Investigation and risk assessment of the Site showed that the Site is suitable for unrestricted development. Documents pertaining to the investigation of the Site may be found at the office of DNREC-SIRS (391 Lukens Drive, New Castle, DE, 19720), or online at: <http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> DNREC issued public notice of the Proposed Plan of Remedial Action (Proposed Plan) for the Site on November 25, 2013 and opened a 20-day public comment period. No comments have been received. The public may appeal this Final Plan by **February 3**. For additional information, please contact Stephen F. Johnson, PE, Project Manager or Robert Newsome, Public Information Officer, at (302) 395-2600; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=2185&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>
